

Week 9 tasks

INVOCATIONS TO THE DIVINE.

Do the cutting of the cords process every morning and evening.

There are moments where we need to call forth a greater strength. To cut away illusion that might be making an intrusion, or the strength in putting our stake into the ground of a situation.

Invoking God, Goddess, Divine I AM presence into our lives to override the grip of the ego. Wayne Dyer puts it beautifully “edge God out.”

Using invocation to feel the rise of the energy within and around you is a wise use of your power.

God is unconditional presence and energy. Creator of all that there is and created us with free-will. The Divine knows that we are an eternal Soul simply having an experience to grow from.

This Divine I AM presence simply waits for the invitation to be called in.

Therefor it is up to us to send forth the invitation. A power-full invoking and aligning with the all-encompassing source of love.

We are a spark of the Divine whole.

There are moments in life where you might feel confronted by something in life and cannot make sense or meaning of it. So, rather than being a victim to it, you choose to draw upon the power of invoking God.

An invitation will never be denied.

Example for invoking insight

God, move more deeply within me and this experience. Remove all illusion and reveal to me the Truth. Make your voice so loud within, that there is no doubt and give me the strength to walk the path you lay before me.

When you cannot see a reason for something, and it seems unfair and fearful. Yet, you choose to not be a victim and call on the power.

Examples for invoking faith

1. I cannot see around corners, only God sees the whole picture.
2. Only goodness comes from God (Universe) even if I cannot see it at the time.
3. The Lord's prayer (another powerful invocation for aligning your will with Divine Will).
Our Father, who are in heaven, hallowed be thy name; thy kingdom come; thy will be done on earth as it is in heaven. Give us this day our daily bread; and forgive us our trespasses as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil, (you can replace evil with illusion if it feels better) for thine is the kingdom, the power, and the glory, now and forever Amen.
4. I am now one with fearless faith of the Christ consciousness within. As I approach all barriers vanish and obstacles disappear. I am steadfast, immovable, and fearless in my faith as God now brings the Divine Design in my life to pass.

Quick and powerful alignment

Remember words hold power and it is important what you invoke in word, holds deep feeling for you.

Hand on heart breathing before answering the questions. I AM DIVINE SPARK.

Curious question.

Does the thought of invoking Divinity scare me, or bring me comfort? If, so, why?

Do I trust myself to create my own invocations and how will I know if it has power?

Power questions.

A power question invokes a response.

What false stories and beliefs do I currently hold about God (Divine I AM) that stop me from forming a conscious and close union with this presence?

Am I honestly willing to place my trust in God (Divine I AM)?

If yes, how will this enhance my life?

If no, what is holding me back?

What is it, that I need to let go of?

What invocation could I have used in the past for a given circumstance?

What do I know and feel it would have done for me?

What do I need to do when invoking the Divine energy?

Note ~

Choose one or two of the above invocations and write down how you felt before invoking and how you feel after invoking.

Once you invoke God for insight, it is important to start giving thanks. A child constantly asking for something from their parent is due to fear of not receiving what it asks for!

Remember ~

Ask each day as you read the rules of the game. Am I living each rule?
